The service is available at two highly competitive rates:

For just £4.00 a week (standard rate) you will benefit from:

For just £6.00 a week (enhanced rate) you will receive all the services of the standard rate plus:

And there's more... every woman registering with us will receive a welcome pack crammed with useful information, contacts and networks to help you on your road to success!

The suite is only for female entrepreneurs who will be required to sign an agreement so we know who is authorised to use the facility. Women In Business works to promote the business needs of women and recognises that women face certain challenges in business. It does not have feminist, social or political agendas and meetings are held in a positive and friendly environment. Members are from a wide range of businesses, some are just starting out and others have been in business for a number of years.
